

ALTERNATIVES PRESENTATION MEETING

FOR THE FOLLOWING BRIDGE REHABILITATION ON US ROUTE 7:

Brandon BHF 019-3(58) – US Route 7 Bridge #114 over the Neshobe River

**February 23, 2015
5:30 PM**

**BRANDON TOWN HALL MEETING ROOM
1 CONANT SQUARE
BRANDON, VT**

**Presented by the Town of Brandon and CLD Consulting Engineers,
Inc. (CLD)**

SUMMARY AGENDA: The intent of the meeting is to present the design alternatives to local and regional officials and those directly affected by the potential work at the bridge crossing. The project team will be seeking input from municipal officials, regulatory/resource agencies, abutting property owners, and the public in regards to the project improvements. A review of the existing site conditions, alternatives evaluated, and schedule will be followed by a question and answer period with an opportunity for those attending to present any concerns they might have.

CLD Consulting Engineers, Inc. (CLD) of Manchester, NH is a consultant engineering firm working for the Town of Brandon to assist with the permitting, design, and construction bidding for the project. Representatives from the Town, CLD and VTrans will be available at the meeting to address public concerns about the projects.
